### 11B Estimating Hong Kong's re-export markups

trade.4 Feenstra et al. (1999) developed a methodology to estimate Hong Kong's re-export markup and found that the U.S. official statistics count the total value of re-exports from Hong Kong originated in China as China's exports thereby ignoring the value-added in Hong Kong. This tends to overestimate U.S. trade deficit with China.
