Holcomb C3-R ® Cross-linking Procedure. Holcomb C3-R ® Cross-linking off-label procedure is the name of the procedure that I invented in 2003 using our proprietary Vitamin B2-based Cross-linking formulation applied to your cornea which is activated with a UV light device approved by FDA for use to treat other medical conditions. Physicians are expressly permitted by law (the FDA medical device law) to use devices for other purposes consistent with the physician's professional judgment.

What is Holcomb C3-R? Brian Boxer Wachler, MD, Medical Director of the Boxer Wachler Vision Institute describes the revolutionary procedure to treat Keratoconus.

What is Holcomb C3-R?

Keratoconus Treatment with Visian ICL and Holcomb C3-R® Review. I always knew there was something wrong with my eyes. At age four I was already in glasses. I felt my vision varied day-by-day, hour by hour. I started to wear RGP (Rigid Gas Permeable) lenses when I was 22, but I wanted to correct my vision.
